Hi, welcome!

## ● Summary

● The **summary** is a brief overview of the main points of a document or presentation. It is typically located at the beginning or end of the document and provides a concise summary of the key information.

● The summary should be written in a clear and concise manner, using simple language and avoiding unnecessary details. It should focus on the most important points and provide a clear overview of the document's content.

● The summary is an essential tool for communicating complex information in a clear and concise manner. It allows readers to quickly understand the main points of a document and provides a useful reference for future reading.
